Draft Environmental Impact Statement for the General Management Plan Amendment Comments *Update*

February 28, 2020

Hello James,

It has come to our attention that the 508-compliant version of the comment letters to the Point Reyes National Seashore General Management Plan Amendment Draft Environmental Impact Statement (DEIS) that were posted to the park web site on February 27, 2020 were incomplete.

The development and posting of this 508-compliant document is separate from the comment review and analysis that has been ongoing since the close of the comment period. All comment letters that were submitted during the comment period have been analyzed in full.

We apologize for this error. While we work to correct this, we have removed the comment documents from the web site. We will update and post the complete record of comments as soon as we can. Thank you for your patience.
